**THE HONGKONG FIRE INSURANCE COMPANY, LIMITED.**  
This Company, which expires by effluxion of time in a few months, having proved a highly successful undertaking, it has been determined by a large number of the shareholders to form a permanent company, under the same management and with increased Capital.  
It is proposed to register the Company under the Limited Liability Ordinance, and the amount of the Capital having been fixed at Two Millions of Dollars, it is considered that Insurers will be amply secured thereby, while at the same time each shareholder will know the extent of his individual liability. The capital proposed to be called up amounts to a large sum, and provision will be made for the creation of an ample Reserve Fund, which will, it is expected, in a very short time accumulate to an amount practically to give the fullest security both to Insurers and Insured, irrespective of the unpaid Capital.  
It is intended to anticipate the termination of the Old Company, by dissolving it from and after the 31st December next, and measures are being taken for that purpose. In anticipating the termination of the Old Company, it is only necessary to present to the public the results of the Old Company since its establishment in May 1865, as exhibited by the following figures:—  
The total premiums collected from the 11th May 1866 to the present time, a period of only two years and five months, amount to \$304,727.72.  
The losses which have been paid within the same period have amounted to \$130,061.22, and include the large sum of \$85,270 lost by the Fire at Hongkong in Nov. 1867. The amount now at the Credit of the Working Account, after paying all Expenses and Re-insurances to date, exceeds \$140,000.00.  
These figures fully warrant the most sanguine expectations of success, and it is but reasonable to expect that, strengthened with larger Capital, the present undertaking cannot fail to prove at least as successful as the former one. The Old Company, when it entered the field, had to create a business for itself; but the New one, in taking over the outstanding risks and connections of the Old Company, will at once receive a very large amount of business, and enter on a profitable and organized business. Moreover, there is no doubt that the risk of Fire in Hongkong has been greatly diminished by the Building Regulations now in force, and by the establishment of a Fire Brigade.  
The following are the main features of the New Company:—  
1. A first Call of \$100, to be paid upon each share, and a further Call of \$100 to be paid in Six Months; all further Calls to be determined upon at General Meetings of the shareholders.  
2. Interest at 12 per cent per annum to be in the first instance allowed on the paid up Capital, such interest to be payable half-yearly, on 30th June, and 30th December. The profits after deducting the said interest to be applied thus:—20 per cent, pro rata, amongst all the shareholders as shall have contributed or insured business to the Company, and the remainder in forming a Reserve Fund of \$250,000.  
3. When such Reserve Fund shall have been accumulated, the payment of interest to cease, and the profits to be applied thus:—20 per cent to be distributed to the shareholders; 20 per cent to be held at the Society's Office, No. 13 Prince of Wales Street, on the 1st day of December next, at three o'clock in the afternoon, for the purpose of confirming all or any Special Resolutions that may be passed at the Meeting called for the purpose on the 15th day of December next.  
4. No shareholder to hold more than 250 shares.  
5. The Company to be managed by General Managers, with the assistance of a Consulting Committee.  
6. The Funds of the Company to be deposited in Banks or in Government Securities approved of by the Committee.  
Over one half of the entire number of shares has already been taken up.  
The following is the form of application for shares, which should be filled up and signed by the applicant and left with the General Managers of the Company, Hongkong, 23rd November, 1868.  
To the General Managers of the "HONGKONG FIRE INSURANCE CO., LIMITED."

The wisdom of this step was soon proved, for whilst we were still a good distance from the Cape, the ill-feeling which the two foreigners had shown became more and more manifest, until I feared there would be some open act of mutiny or insubordin-

LORD BROUGHAM.—Lord Brougham was witty himself, as well as the cause of wit in others. Perhaps the most humorous speech ever heard of in England was his breakfast made by him, whose maudlinities are still now in all the papers. He was asked to return thanks for the bride-maiden. He said, "I am owing to this effect"—"I am greatly indebted to you for having asked to return thanks for my bride-maiden, and I have been trying to determine for which of my merits it is that I have been selected for the honor of representing these fair young creatures—whether for my youth, for my innocence, or for my beauty." In the end he took credit to himself, and many peals of laughter, for

The author in his Preface says:—"The tables in Chap. VII., for estimating prices, measurement of goods, exchanges, &c., have been selected from those constantly in use among the foreign merchants in China. Those for calculating the prices of tea in dollars or pence have been copied from the more extended tables, by the kind permission of the author, P. Loureiro, Esq. The last section of the same chapter on "Movements in Bullion," has been prepared and furnished for the Guide by Patrick R. Harper, Esq., of the Commercial Bank of India at Hongkong, who has had much experience in the exchanges and movements of the precious metals in Eastern Asia."

"The Appendix of Sailing Directions has been reprinted from the 'China Pilot.' With short interruptions, the coasts from Singapore to Hakodadi are all described in it; and for the Chinese coasts, the Directions have been improved by the insertion of the Chinese characters for the names of all places that could be ascertained."
